DET HÄNDER I HÄRRYDA, NÄRINGSLIV, JULI 2017

KALENDARIUM

What an amazing year it's been. Just little over a year ago I joined the great team at the sector for planning and building as head of business development. I truly believe we have some of the best companies in Sweden located in the municipality of Härryda - so diverse, focused, and really involved in the community. That makes my job both challenging but also a lot of fun. With the ideal location between the largest port in the Nordics, and Swedens second largest airport, Härryda can not be more convenient for making business.

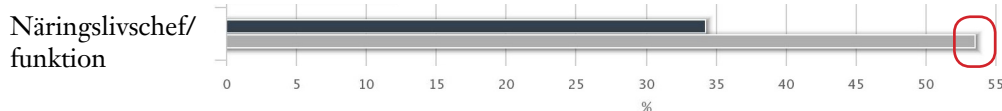

We are ever changing, evolving and making sure we can deliver more and better services to the business community. In the recent survey done by Svenskt Näringsliv we again landed the top spot in the Gothenburg region and **on one question we really stand out...** Please continue to call, write and get in touch with us. It's a privilege to serve you. Have a great summer and in August we'll all be refreshed, a little sunburnt and oh so ready for all the adventures that fall may bring us.
